Response	Novartis Pharmaceuticals UK Ltd	07/03/2022 12:28	Re: Re: NP47822a Fingolimod Capsules - Off Contract Process	Hi ███ , Normally tender would include below section 39 however on this instance the off-claim paragraph for ranked framework is not necessary. "Off Contract Claims 39.Where the Framework Participant fails to maintain supply, Participating Authorities will be entitled to submit a claim for reimbursement to the Framework Participant for the difference between the price paid for alternative Goods and the contract price. Appendix C details the process Participating Authorities will follow when processing an off contract claim and forms part of the specification. Framework Participants are required to process payment of an off contract claim within 30 days.". Thank you, ███	01/01/1900 00:00	00/01/1900 00:00	00/01/1900 00:00		General Information
