

## Important Information for NPCCD Ophthalmic

---

### New Address Format:

Please use Address line 1 and Address Line 2 for your complete address.

**Town/City:** The old Address line 3 field will be renamed Town/City – keep this field filled with your town or city name.

**Gone:** Address line 4 is being retired! **Do not** enter any information there anymore as we are removing it soon. Even if you see Address Line 4, leave it blank!

If you have any questions/queries, contact the NPCCD team

# NPCCD

## Newsletter for GPs and Optometrists February 2024

### NPCCD - National Primary Care Clinician Database

### NPCCD Key Developments:

#### Medical

- Currently Business as Usual
- Work on addressing the NPCCD Medical Enhancements Backlog is poised to get underway soon.

#### Ophthalmic

- Cleansing of NPCCD Ophthalmic data is nearing its conclusion – please ensure all fields are completed in NPCCD when entering or amending entries. **See further important information on the left**
- NPCCD Contractor Access has entered testing to gather initial early feedback. Watch this space for further updates!

#### Dental

- The NPCCD Dental Team have finished Phase 1 development and are now focused on Phase 1 testing.
- In the background, planning and prioritising for Phase 2 is underway.

Please provide any feedback on this newsletter to
