

## Important Information for NPCCD Users

---

### E-mail fields

Big news! We are splitting email addresses into two fields, NHS Mail and Personal. Keep an eye out for the update in the coming weeks and ensure your desired emails are in the appropriate field.

### NPCCD Peer Support Team Channel

We are thinking of ways to share our NPCCD knowledge and get any questions answered quicker. That is why we are setting up a peer group to give you the chance to connect with other NPCCD users to share information freely and get the answers you need. Keep an eye out for an invite coming your way soon. We can't wait to see you there!

---

If you have any questions/queries, contact the NPCCD team

# NPCCD

## Newsletter for GPs and Optometrists May 2024

### NPCCD - National Primary Care Clinician Database

### NPCCD Key Developments:

#### Medical

- Currently Business as Usual
- Work on ongoing to address the NPCCD Medical Enhancements Backlog.

#### Ophthalmic

- Cleansing of NPCCD Ophthalmic has now finished. Quick reminder to ensure that you are using the correct address format when adding or amending (address lines 1 and 2, Town/City, no address line 4)
- NPCCD Clinician Access has entered testing to gather initial early feedback. Watch this space for further updates!

#### Dental

- The NPCCD Dental Team have finished Phase 1 testing.
- Phase 2 of Dental Development has commenced. We will keep you informed or any pertinent information.
