

## STOMA SUPPLY FEES

The current Stoma contract has provision to change the fees every 3 months starting from January 2012; where the change in fees would be more or less than 2.5%.

There is a fixed global sum for this contract and the payments are monitored by ISD and the fees adjusted accordingly to ensure that the sum is paid out without any significant over or under spend.

Stoma Reimbursement lines are classed as 'Zero Discount', i.e. the prescription price reimbursement will have no discount deduction applied.

*Please see below confirmation from the Scottish Government that stoma fees have been reduced by 3.11% for the period April - June 2024.*
