Background Information

The NHSScotland Master Indemnity Agreement (MIA) is issued and developed by NHSScotland Assure Equipping Services Team. It indemnifies Health Boards in respect of equipment and other goods supplied on-loan and free-of-charge (including for trial and testing).

The MIA lists the companies which are currently registered as well as details of their public and product liability insurance, thereby reducing unnecessary duplication at local level for each Board. Companies may apply to join the NHSScotland MIA or voluntarily withdraw from it. Alternatively, they be removed from the NHS Scotland MIA at any time.

This message communicates changes to the MIA register following the removal of companies. The MIA register and the list of companies removed from it can be accessed on the MIA register webpage using the following link: [to access the Master Indemnity Register webpage](#).
