Hi Alan

Re:POTS pathway

Thank you for your comments.

Do you mean interesting in a good way or not?

Also - we did have a good discussion around the initial assessment. This draft needs to be further `de-Lanarkshired` so it will look different and psychology will likely not be there. We have included psychology in our Lanarkshire pathway to suit our existing model.

Kind regards,

Hi [REDACTED]

I m sorry i missed meeting so this email may be irrelevant but regarding outcomes- there has been an internationally agreed set which i would have thought better to utilise rather than reinvent the wheel

best

alan

PS the POTS pathway goes to some interesting organizations like dysautonomia international (and i m not sure about psychologists doing initial assessment)
