VI.3) Additional information

The PQQ is for a DPS for Potential Providers with the potential for utilising unused capacity within hospitals in the provision of range of inpatient procedures and clinics to support the NHS in Scotland in delivering comprehensive and effective healthcare services. Potential Providers are invited to submit a PQQ demonstrating capability for diagnosis and treatment of medical and surgical procedures for adults and children to be performed by named qualified and competent consultants, surgeons and other qualified staff, with all appropriate and necessary steps taken to limit complications, minimise infection, and to provide where appropriate aftercare and follow-up.

The buyer is using PCS-Tender to conduct this PQQ exercise. The Project code is 20785. For more information see:

<http://www.publiccontractsscotland.gov.uk/info/InfoCentre.aspx?ID=2343>

The Contracting Authority does not intend to include a sub-contract clause as part of community benefits (as per Section 25 of the Procurement Reform (Scotland) Act 2014) in this contract for the following reason:

This is the creation of a DPS and will be adding Potential Providers to a Buyers Guide. This process will not be Sub-contracted.

The Contracting Authority does not intend to include any community benefit requirements in this contract for the following reason:

Community benefits may be applied at point of call off through mini-tender for the DPS. As spend is not certain, community benefits cannot be imposed at the establishment of the DPS.

Community benefits are included in this requirement. For more information see:

<https://www.gov.scot/policies/public-sector-procurement/community-benefits-in-procurement/>

A summary of the expected community benefits has been provided as follows:

It is a mandatory requirement that potential framework participants agree to support the concept, provision and ongoing development of community benefits provision in relation to this framework.

Potential framework participants are required to agree to this mandatory requirement. They are also requested to provide a brief summary of the community benefits that have recently been delivered within Scotland, if at all, and also what impact and outcomes these have achieved.

Community benefits may be applied at point of call off through mini-tender for the DPS. As spend is not certain, community benefits cannot be imposed at the establishment of the DPS.

Potential framework participants are required to summarise any proposed community benefits that will be developed and delivered as part of this contract if successful or, alternatively, potential framework participants confirm that they will engage with the NHS Scotland's Community Benefits Gateway (CBG). This gateway, developed through requests from suppliers seeking opportunities to support the delivery of community benefits within the contracting region, provides information on community benefit opportunities. The CBG is a free and easy to use online service that connects NHS Scotland suppliers with third sector community organisations within Scotland and will be used for tracking and reporting and is an approved compliant route to the realisation of community benefits.
