Hi [REDACTED]

Given the extension to standstill I will get back in touch when we have suggested dates for these meetings.

The intended start date was the 5th May, however given the standstill extension and knock on effect this has this date will now be pushed out.

When we reach out to arrange the implementation meeting we will provide an agenda which will give details of what we want to discuss.

Thanks again

Hi [REDACTED]

Hop you had a lovely Easter break. Thanks for your update.

The proposed window of the 20th–22nd works for us. I can confirm availability on the 20th between 16:00–17:00, or on the 21st after 15:30, let me know what suits best?

In order to ensure we are organised and have everything set up in advance, I just wanted to clarify a few points:

- Can we confirm whether the intended start date is still anticipated to be 1st May?
- Is there any specific preparation you would like us to complete ahead of the implementation meeting?

As all accounts will be new to us, we will need to carry out full onboarding for each hospital, unlike existing suppliers, so early visibility will be important to ensure we can complete this properly and in line with quality requirements.

- Are you able to provide an indication of the hospitals have aseptic requirements (i.e. which sites are expected to place orders)?
- Would you be agreeable for us to begin contacting sites now, or will you be facilitating communication with sites as part of the awarded lot?

Thanks again!

Hi [REDACTED]

Thanks for acknowledging.

Unfortunately, I don't think we can accommodate this, I know Kris Lindsay (Head of Strategic Sourcing) wants to attend and he doesn't return from annual leave until the 20th, we then need to ensure implementation information is circulated to HB's by the end of that week before I go on annual leave and the contract commences.

We were hoping to hold the implementation meeting between the 20th – 22nd.

If you can advise which date/time suits best.

Thanks again

Hi [REDACTED]

Thank you for your email and for sharing the standstill documentation. I acknowledge receipt.

[REDACTED] will be on annual leave during the week commencing 20th April. Would it be possible to arrange the implementation meeting either the week prior or the week after?

Please let me know if this would be suitable.

Kind regards

[REDACTED]

Dear [REDACTED]

Please be advised that we are issuing the enclosed standstill letter(s) in connection with the procurement process for NP38626 Compounded Aseptic Medicines.

The purpose of the standstill letter is to formally notify all relevant parties of the outcome of the evaluation process and to commence the mandatory standstill period, as required under the Public Contracts Regulations 2015.

During this period, no contract award will be concluded, and current arrangements will remain unchanged to allow suppliers the opportunity to review the outcome and raise any queries.

We kindly request that you:

1. Review the contents of the standstill letter carefully and provide acknowledgement.
2. Note the commencement and expiry dates of the standstill period; and
3. Submit any clarification requests in writing within the specified timeframe.

Kindly address all responses or queries to me directly at [REDACTED]@nhs.scot ensuring that correspondence is sent prior to the expiry of the standstill period.

Furthermore, we would like to arrange an implementation meeting to discuss the impact of the award outcome and would ask that you confirm your availability on the **week commencing 20th April** for a teams meeting.

Thank you for your attention to this matter and for your participation in the procurement process.

Kind Regards
