Hi [REDACTED]

We refer to your letter dated 25 November 2025, in connection with the outcome of the Authority's procurement for the establishment of a framework for Compounded Aseptic Medicines (Contract Notice Reference Number 2025/S 000-014034) (the "Standstill Letter").

We are, of course, very disappointed to note that Quantum has not been successful in Lots 1, 2 and 3 (single supplier lots) and for 47 of the 73 product lines in Lot 4.

[REDACTED]

This is, however, not consistent with the spreadsheet, which accompanied the Standstill Letter. In the first tab of the spreadsheet ("Unsuccessful (Lots 1 & 3)"), we note that Quantum has been allocated a score of 10 for Stability for the products submitted for Lot 3.

We are, therefore, concerned that there has been an error in the evaluation of our tender. We would ask that NSS urgently reviews this discrepancy.

Once this review has been conducted, we would ask that NSS prepares and issues a new standstill letter, which properly reflects the correct scoring. As things stand, having regard to this deficiency, we do not consider that the Standstill Letter meets the requirements of Regulation 85(2). The standstill period under Regulation 86 has, therefore, not yet commenced.

We'd be grateful to receive confirmation from you by **12 midday on Wednesday 3 December**, that you will issue a corrected standstill letter in due course"

Thanks

Dear [REDACTED]

Please be advised that we are issuing the enclosed standstill letter(s) in connection with the procurement process for NP38625 Compounded Aseptic Medicines.
