

Registration for National Development Support

Registration is the first step in exploring whether support from National Services Directorate (NSD) for national developments is a possibility. If your proposal is in relation to an existing nationally commissioned service or network, please speak to the relevant NSD commissioning team.

This document provides guidance on how to complete the online registration webform. Please ensure you have all the relevant information required for each question BEFORE you begin the online submission.

There is no 'save' option so you will need to complete the online form in one session.

- Online registration will be accepted up until the deadline of 28 February. Once received the registration will be triaged by NSD within 28 working days (or seven working days if received on 28 Feb) and you will be advised of the outcome.
- Once submitted, you will receive confirmation of receipt by email.
- You will receive a unique reference number which you must take note of for all future correspondence.
- If your registration is successful, you will be invited to complete an online application form which must be submitted and accompanied by evidence of support from your board by the 31 March for consideration in April.

Should you require assistance please contact nss.nsd-administration@nhs.scot

1. Contact details	
Name (forename and surname)	
Role	
Email	
Organisation (enter X in checkbox)	
Telephone	
Department
